PARTICIPATION IN HKHS ATHLETIC PROGRAMS

In order to participate at any level in any athletic program at HKHS there are several forms that must be returned to the nurse and/or coach **BEFORE** the student can practice or try out.

1. **Updated Sport Physical- (given to the school nurse).** The CIAC requires that a valid sports physical be provided before a prospective athlete can practice and/or compete for any CIAC member school. A physical is valid for 13 months. Physical appointments usually require significant advance notice therefore, we urge any parent anticipating that their child may participate in sports make their appointments far in advance. Extension notes from a physician will not be accepted. The student **MUST** have a current physical and we are unable to make exceptions.
2. **Student & Parent Athletic Handbook Signature Sheet- (signed by both the student and parent and given to the coach):** At the start of the season, students and parents must review the Student and Parent Athletic Handbook. **Hard copies are available on request.** Please read through this handbook carefully as it has important information on eligibility and procedures and has *recently been updated*. In order to participate in high school athletics students and their parents must sign off stating that they understand these rules and regulations and agree to abide by them.
3. **Athletic Emergency Information Card- (given to the coach):** This form is very similar to the Emergency information form that goes to the School Nurse. It is for the Coach and Athletic Trainer in case an emergency arises during practice or games. This form is vital to the trainer and/or the coach to provide proper care.
4. **Student/Parent Concussion Education & Consent Form- (signed by both the student and parent and given to the coach):** This form is a state mandated form, and will help with the identification of concussion symptoms.
5. **Student/Parent Sudden Cardiac Arrest Education & Consent Form- (signed by both the student and parent and given to the coach):** This form is a state mandated form.
6. **Select Physical Therapy Consent to Treat Form – Athletic Training Service**

These forms **MUST** be handed in before the first day of practice, **no exceptions**. They can all be found on the Athletic website or in packets at the High School Main Office.

9. Students will be automatically suspended from the next regularly scheduled event, contest, or performance for being ejected from an event.

INDIVIDUAL TEAM POLICIES

Coaches have the privilege of setting their own conduct rules, and these may go beyond the school regulations. However, they may not be less restrictive than the regulations contained in this handbook. Any coach wishing to incorporate additional or more stringent team rules not covered by the school's specific rules will have such rules approved and signed by the Principal or Athletic Director. A copy of the rules will be provided to each student. These rules will be signed by each student and the student's parent/guardian and returned to the advisor and/or head coach. A copy of the rules will be on file with the high school. No student can participate in a contest unless his/her school acknowledgment form has been returned to the head coach.

All student participants have a right of due process. Coaches must provide students with an opportunity to be heard before deciding on an appropriate action. Penalties for violation of activity or school rules may vary from a warning to dismissal from the activity. All students may appeal a coach's decision to the Athletic Director. Parents are advised to encourage students to work out their problems with the coach, or Athletic Director. If the Athletic Director believes the nature of the offense is serious enough to warrant her handling of the case, then she will consider its adjudication and disposition. During a disciplinary hearing, the student and his/her parent/guardian may provide information salient to the case. The determination made by the Athletic Director shall be final.

SPORTS HEALTH ASSESSMENTS FOR INTERSCHOLASTIC ATHLETICS

The Board of Education requires that all students have a Sports Health Assessment before being permitted to take part in interscholastic sports. This means they may not participate in try-outs, practices, or contests without evidence of a valid sports physical being on file in the High School Nurse's Office.

IMPORTANT: The blue colored State Medical Form is *not acceptable* for athletic participation unless the examining physician specifically states in writing on the form that the athlete is: **“physically able to participate in all sports including contact sports during the current school year”**.

A Sports Health Assessment must be obtained for each school year and will serve for the entire school year unless the student has been injured after the physical examination. A Sport Health Assessment is valid for 13 months. Should a physical expire during the school year and/or during the season a student is participating in, the student will be expected to submit evidence of an updated physical by submitting a new form to the health office. Parental or medical notes indicating a future scheduled appointment will not be honored in lieu of a completed record of a

physical. **A student-participant who has a medical excuse for physical education class will not be allowed to participate in athletic practices or contests during that time.**

To return to the team after an injury, the athlete must obtain a note from the attending physician stating that the athlete may continue in the program. This note must be given to the school nurse or athletic trainer. Without a reentry slip, the athlete will not be allowed to participate in any practice or contest. If there is a difference of opinion between the doctor, trainer, athlete, or parent, the final decision will be that of the attending physician.

HKHS ACADEMIC AND ELIGIBILITY REQUIREMENTS:

PARTICIPATION IN ATHLETICS AND EXTRA-CURRICULAR ACTIVITIES

Students will abide by all C.I.A.C. rules and regulations. *In addition*, students must maintain a “C” average and pass all subjects in order to be eligible to participate in athletics and extra-curricular activities. Students on academic probation or who are ineligible must appeal to the Principal in order to continue participation in athletics. Only one appeal will be granted per academic year.

”C” (2.0) Average: determination is made without weighting of grades according to whether they are honors or college prep. All courses are included in this determination. Academic eligibility is determined each quarter. Students lacking the required grades in their classes are considered automatically ineligible as of the school’s report card issue date unless and until their appeal is granted. Eligibility appeals required to play a fall sport (i.e. as a result of fourth quarter grades the prior year,) must be sought and granted in order to begin practice/play in August. Each appeal will be considered on an individual basis, i.e. documentation of prolonged illness, a student working to potential but unable to maintain a passing grade.

Such activities are to supplement the curriculum and participation in such activities is a privilege, not part of the right to school accommodations. The administration reserves the right to establish conditions for participation in such activities.

INSURANCE FOR ATHLETES

Regional School District 17 maintains interscholastic insurance coverage for injuries sustained by students involved in high school interscholastic activities. To submit insurance claims, refer to the following:

1. The insurance policy paid by the Board of Education is secondary coverage which becomes effective after a parent’s insurance company has paid its maximum benefit for an injured athlete. It is the responsibility of the parents to first submit their child’s bills for all injuries sustained through sports to their insurance carrier. After a denial for payment from the parent’s health insurance carrier, a bill may be submitted to the school’s interscholastic insurance carrier.
2. Proper forms and information may be obtained through the Health Office. Consideration for reimbursement under the interscholastic sports coverage plan will be evaluated by the district’s insurance carrier. Questions concerning insurance coverage should be addressed to the school nurse or to Central Office.

PLEASE TAKE NOTE THAT, IF YOU HAVE QUESTIONS ABOUT COVERAGE OR PARTICULAR TREATMENT UNDER THE SCHOOL’S ATHLETIC INSURANCE POLICY, YOU SHOULD INQUIRE ABOUT SUCH COVERAGE BEFORE YOU REQUEST OR AUTHORIZE SUCH TREATMENT. Athletes who are injured must alert the coach and school nurse to make sure an accident/injury report is filled out. This is important as

claims must be on file with the insurance company within 90 days of the injury. If your student athlete is injured and you do not receive paperwork in the mail within two weeks of the injury, please contact the school nurse.

ATHLETIC INJURIES

1. All injuries sustained while participating must be reported immediately to a coach or athletic trainer. The coach must file an accident/injury form with the school nurse within 24 hours of the incident.
2. Students should not try to treat their injuries without consulting with their coach, school nurse, or the trainer. While at away sites, the HKHS trainer and/or medical personnel responsible for coverage of that site will administer medical treatment. A doctor and/or ambulance is required by league rules for all varsity football contests. An athletic trainer will service all JV football contests.
3. The coach has the responsibility to evaluate all incidents involving their student-participants. In the event a member must be transported for emergency treatment, a family member or assistant coach will ordinarily accompany the injured student. A copy of the emergency information form will accompany the student.
4. If an injury requires a physician's attention, the student-participant must present written authorization from a physician before she/he may return to practices, performances or contests. That authorization must be given to the head advisor or head coach, who will submit it to the school nurse.
5. The school nurse and the high school athletic trainer have the authority to restrict a student's participation as determined by the best interest of the student's present and future health.

REGIONAL SCHOOL DISTRICT #17 CONCUSSION PROTOCOL

1. As soon as a concussion is suspected the student must immediately be removed from the activity and appropriate medical personal will be contacted including: the school nurse; athletic trainer; or 911.
2. Should the student display ANY symptoms of a concussion a parent/guardian will be called and the student will be removed from the activity or event and referred to the student's primary care physician, the emergency room, or 911 will be called.
3. If the student does not show symptoms until later on, such that the coach or trainer had no knowledge the student is symptomatic, the school nurse must be notified by the parent/guardian. POLICIES AND PROCEDURES FOR ALL STUDENT ATHLETES

School Attendance

1. The participating student must attend school and regularly scheduled classes on the day of any activity. A minimum school day for this purpose requires attendance of five hours with the student reporting to school no later than 9:00 A.M. and present for the remainder of the school day. Exceptions to this rule may be granted by the administration in emergency or highly unusual circumstances.
2. If a student is unable to participate in PE class on a particular day due to a medical excuse, the student may not participate in any athletic activity on that particular day. If a student does not participate in PE class due to a class cut, absence or forgotten gym clothes, the student may not participate as a member of a team for that day.
3. Unexcused absences will result in the student being suspended from any school activity on that day or the next day.
4. Failure to report for a scheduled practice, performance, or contest without being excused may result in suspension or dismissal from the activity.
5. Students with significant family or religious obligations are not required to attend practice held on a Saturday, Sunday, or religious holiday. If a student is unable to attend a weekend practice, as a courtesy, the student should inform the coach prior to the game or practice. Games or practices scheduled for Sunday may not begin before 1:00 p.m.

Absence from Scheduled Practice

A team will only function effectively when all participants are present. Any player who skips practice is hurting themselves and the team. A player must notify the coach in person of any practice he or she is required to miss. The coach will determine if the excuse is acceptable. Athletes need to be aware of the team rules on missing practices/games as they may impact participation.

Locker Rooms

1. It is the student athlete's responsibility to leave all valuables at home and keep their locker locked at all times **The school will not be responsible for personal property.**
2. Any student that is found to have damaged, vandalized, or destroyed school property will be responsible for the cost of the damage. Said student(s), by this behavior, will be subject to dismissal from the squad and school discipline.

Athletic Equipment

1. The student/athlete is responsible for all uniforms and equipment that is assigned to him/her.
2. All equipment will be returned when the athlete completes the sport, either at the end of the season, or on leaving the team.
3. If items are lost or damaged, the student/athlete will be required to pay for a replacement.
4. Uniforms are to be worn only at scheduled practices, contests or on game days.

Note: Athletes who do not return equipment/uniforms are ineligible to participate on additional athletic teams throughout the year. In addition, graduating seniors will not receive their cap and gown until they have met the above responsibilities.

Vacations

Team members are expected to attend practices and contests during vacations that fall within the team season. Parents should make family vacation plans with the student/athletes commitment in mind. However, athletes who have family vacation plans must furnish the coach notification of vacation plans the day after the team has been selected. A parent or guardian of the athlete must sign the written notification. No team member will be removed from a team for missing practice or games during vacation for which they have notified the coach as previously stated. It shall be the coach's prerogative to decide when a player is in condition to resume play.

Games/matches/meets will not be rescheduled over April vacation as agreed upon by the Shoreline Principals.

Bus Behavior

1. Student/athletes must travel to and from contests on the team bus, accompanied by the coach.
2. Athletes will be expected to conduct themselves appropriately at all times while riding to and from athletic contest.
3. The athlete(s) involved will pay for any damage to buses, caused by athletes. Said athlete(s), by this behavior, will be subject to dismissal from the squad and school discipline.

Hazing

Hazing is **prohibited** at all times. Hazing activities of any type are inconsistent with the educational goals of the school system. "Hazing," means committing an act against a student, or coercing a student into committing an act, that creates a risk of physical or emotional harm to a person, in order for the student to be initiated into or affiliated with a student organization or any other purpose.

The term hazing includes, but is not limited to:

1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, or placing a harmful substance on the body.
2. Any type of physical activity that subjects the student to a risk of harm or that adversely affects the mental or physical health or safety of the student.
3. Any activity that intimidates or threatens the student with ostracism, that subjects a student to stress, embarrassment, shame or humiliation that adversely affects the mental health or dignity of the student or discourages the student from remaining in school.
4. Any activity that causes or requires the student to perform a task that involves violation of state or federal law or of school district policies or regulations.

Note: The school district will act to investigate all complaints of hazing and will discipline up to and including expulsion.

Captain's Practice

The term "Captain's Practice" usually means the team's captain organizing and conducting practice sessions for the sport without adult supervision. The CIAC, Shoreline Athletic Conference, and Haddam Killingworth High School do not in any way sanction, encourage, or condone "Captain's Practice" in any sport. "Captain's Practice," depending on the member school's involvement, may be a clear violation of the season limitations eligibility rule or certainly a violation of the spirit of the rule.

Changing Sports

- Prior to the opening of each season, athletes will be allowed to transfer from one sport to another only on the mutual agreement of the two coaches involved. The Athlete must report directly to the Athletic Director to make the switch.
- Athletes will not be permitted to switch sports once the try-out process is underway and/or complete for the program they wish to switch to.
- An athlete who drops from the squad after the first contest is not permitted to join another squad during that season.

Gymnasium Procedures

- No one is allowed in the gym unless it is his or her designated practice period.
- At no time is it permissible for individuals or groups to work out in the gymnasium, unless under direct supervision of a coach.
- Athletes practicing in the gymnasium of one sport will refrain from using equipment not specifically designated for their sport.

- Teams “in season” will have priority on gymnasium use.

School Suspensions

- Students may not participate in any game, contest, practice or school activity while under suspension, nor may a student appear on school grounds or at a school activity on any school day while suspended from school. This includes contests at away sites. The suspension is in effect until the student is readmitted to classes by an administrator.

Transportation

- Transportation to and from athletic contests will be provided by the school (with few exceptions). Athletes are not permitted to drive themselves to an away contest without written consent from a parent/guardian.
- Athletes are expected to return from away contests on the transportation provided by the district. Athletes who need to leave an away contest with his or her parent/guardian must bring a note requesting an exception to the Athletic Director for approval 24 hours prior to the contest. The form can be found on the RSD17 website under Athletics.

EXPECTATIONS OF PARENTS

1. Be positive with your athlete; let him/her know that he/she is accomplishing something simply by being part of the team.
2. Encourage your athlete to work hard and do his/her best. Don't offer excuses to your athlete if he/she is not playing. There is usually a reason for it.
3. Be supportive in a positive way. Don't put down the coaches or other athletes. If you are constantly berating your athlete's coach, do not expect positive results from the season.
4. Insist on good grades. Check the number of hours your athlete spends on homework
5. Being a fan does not entitle you to be belligerent or abusive toward game staff, players, coaches or officials. Coaches work with athletes and know their talents. Understand that sons and daughters are often embarrassed by parents who can be heard from the stands.
6. Insist that your athlete respect team rules, school rules, game officials and sportsmanship.
7. Encourage your athlete to play for the love of the game – not scholarship or college admission. This can alleviate a lot of pressure.
8. Remember, at a competition, you also represent the school and your son/daughter and you should be a positive role model. Therefore, do not shout advice from the stands. A steady stream of technique suggestions has no value to the athlete. Shout words of encouragement.
9. Be involved with your son's or daughter's team in a positive way. Cheer for all athletes on the team. Help with booster clubs. There are many ways to be involved with the team and be a good sports parent at the same time.
10. Be respectful to all game staff. Do not argue with them. The Athletic Director, Administration, and/or security staff will ask you to leave if you are unable to be positive

throughout the entire game. This includes but is not limited to: yelling at officials; coaching from the stands; addressing students by name or number negatively; use of profanity; or being disrespectful overall.

NCAA INITIAL-ELIGIBILITY FOR COLLEGE ATHLETES

Information on initial-eligibility for college participation can be found by logging onto the NCAA Eligibility Center (www.eligibilitycenter.org). The Athletic and School Counseling Departments work together to produce information on the eligibility process at a student or parent's request. Students should begin thinking about the academic requirements for college participation in their freshman year and register with the eligibility center in their junior year.
